Local School Group Teams with The Cav To Raise Money for Trip

The ninth graders at UW Lab School are pleased to announce that their special, chef-created dinner to support their June trip to Europe raised \$968 towards their goal. The students hosted a Continental dinner at The Cav on April 14th with a European theme representing several of the countries they will be visiting this summer. Attendees of the event enjoyed a special menu that included a variety of European cuisine created by The Cav's Chef Eric Suek. French Confit de Canard Stuffed Cabbage Rolls, German Bratwurst with Sauerkraut and Wild Rice, German Vegetarian Spaetzle, Berliner Rote Grutze with French Beignets and Dutch Callebaut Chocolate Mousse were among the evening's selections.

"It was a delicious way for these students to raise money," noted the trip coordinator, Sharon Mathiesen. "It was also a great learning experience as the students created and distributed the advertising materials and helped work the event. We are lucky to live in a community with such generous supporters and want to thank everyone that helped us out."

The Cav's General Manager, John Pope, added that this type of fund raising event is available to other groups in the community. If you are a non-profit organization that is interested in raising money for your group and would like to team with the Cav to put together a special menu for an evening event, feel free to contact, The Cav management at 742-6707.
